Sec. 24-25.9 License fee and tax.

(a)

(1) Small business exemption. In accordance with section 58.1-3706 of the Code of Virginia, 1950, businesses with taxable gross receipts, as defined in this article, which are one hundred thousand dollars (\$100,000.00) or less annually shall be exempt from the license tax provisions that would otherwise apply pursuant to this section. This exemption shall not exempt any business from obtaining a license. If actual taxable gross receipts in any year exceed the one hundred thousand dollar (\$100,000.00) threshold, the licensee shall report said fact to the commissioner of the revenue for adjustment. The tax shall then be computed on actual taxable gross receipts, giving credit for any license fee payment previously made. The tax shall then be promptly remitted to the commissioner.

(2) Qualifying Business with Taxable Gross Receipts of \$1,000,000.00 or Less Exemption: It is the intent of this provision to encourage new small businesses to locate in the city. In accordance with section 58.1-

3703 of the Code of Virginia, 1950, Qualifying Businesses, as defined in City Code Sec. 24-25.2, with total taxable gross receipts from all classifications of business in the amount of one million dollars (\$1,000,000.00) or less annually shall be exempt from the license tax that would otherwise be payable pursuant to this article. For Qualifying Businesses with total taxable gross receipts from all classifications of business exceeding one million dollars (\$1,000,000.00) annually, the license tax provisions of this article shall apply. A designation as a Qualifying Business and any exemption pursuant to this paragraph (a)(2) shall automatically lapse at the end of the first full business license year following the license year during which a new business first locates in the city. Following such lapse, the business shall be subject to all business license requirements unless otherwise exempt pursuant to subsection (a)(1).

A business that is determined to be a Qualifying Business, whether or not exempt hereunder, must obtain a business license and pay the fee pursuant to paragraph (b) for each classification of business in accordance with the provisions of this section.

Any new business seeking to qualify for this exemption shall complete an application for qualification, provide documentation sufficient to establish qualification as a Qualifying Business, and provide reasonable projected taxable gross receipts. The application shall be in the form required by the commissioner of the revenue. The applicant shall have the burden of proving qualification for this exemption on an annual basis. The applicant shall provide truthful information. Any determination of qualification or non-qualification shall be given in writing by the commissioner of the revenue. The appeal of a determination of non-qualification shall be in

the same manner as the appeal process of any other business license tax decision.

A new business entity that (i) meets the definition of "affiliated group," as defined in Code of Virginia § 58.1-3700.1, and (ii) conducts business activities that are similar to one (1) or more of the affiliated businesses shall be deemed a change in business form as such phrase is used in the definition of Qualifying Business and shall not qualify as a Qualifying Business. However, a new business entity that meets the "affiliated group" definition but undertakes a business that conducts substantially different business activities shall not be deemed a change in business form. A new business with taxable gross receipts of one million dollars (\$1,000,000.00) or less but that files consolidated financial statements with a parent or other affiliated entity with combined taxable gross receipts in excess of one million dollars (\$1,000,000.00) shall not be entitled to an exemption under this Sec. 24-25.9. A business shall not be deemed to locate in the city for the first time if there is an existing business in the city trading under the same or substantially similar business name, the businesses conduct similar business activities, and the businesses are related either by a shared ownership structure or a contractual relationship such as a franchisor/franchisee relationship. A qualifying business shall not include peddlers and itinerant merchants. A qualifying business shall not include a contractor required to obtain a business license by Code of Virginia §58.1-3715(B).

All Qualifying Businesses shall file a business license return with the commissioner of the revenue reporting taxable gross receipts earned in accordance with the provisions of this section and Sec. 24-25.3 in the previous calendar year. In the case of an underpayment by a Qualifying Business that

estimated taxable gross receipts to be one million dollars (\$1,000,000.00) or less in any year while designated as a Qualifying Business and whose actual taxable gross receipts earned in that year exceeded the one million dollar (\$1,000,000.00) threshold, the commissioner of the revenue shall assess such Qualifying Business with any additional license tax found to be due. The tax shall then be computed on actual taxable gross receipts, giving credit for any license fee payment previously made. The tax shall then be promptly remitted to the commissioner. In the case of an overpayment by a Qualifying Business that estimated taxable gross receipts to be in excess of one million dollars (\$1,000,000.00) in any year while designated as a Qualifying Business and whose actual taxable gross receipts earned in that year did not exceed the one million dollar (\$1,000,000.00) threshold, the Qualifying Business shall receive a credit of the excess tax paid in the previous year.

A Qualifying Business shall forfeit any entitlement to the license tax exemption provided in this Sec. 24-25.9 if (i) such business is delinquent on any local tax and fees, including, without limitation, personal property tax, real property tax, admissions tax, food and beverage tax, Mixed Beverage Annual Review with Alcoholic Beverage Control, sales and use tax, and transient occupancy tax or (ii) such business fails to file returns for self-reported taxes at such times and in such manner as required by law. A Qualifying Business shall report its personal property and taxable gross receipts to the commissioner of the revenue at such times and in such manner as required by law and the failure to timely report shall result in the forfeiture of any entitlement to the license tax exemption provided by this Sec. 24-25.9.

(b) Annual license fee. In accordance with section 58.1-3703 of the Code of Virginia, 1950, there shall be a fee for

Tax Year Beginning	Fee

January 1, 2000 or any subsequent year	\$50.00

The fee is due and payable on or before March 1 of each license year or at the time a new business is opened, and is further subject to the penalty and interest provisions of section 24-25.3.

Section 20:- That subsections (b), (c), (d), (e), (g), (h), (i) and (j) of Section 24-160 of the Norfolk City Code, 1979, are hereby amended and reordained to read as follows:

The license fee for a semitrailer constituting a part of such combination with a gross weight up to one thousand five hundred (1,500) pounds shall be eighteen dollars (\$18.00).
